

bitumen

We can offer large qty of bitumen packed in new steel drums from Iran and UAE. We have three manufacturing and packing factories for bitumen. One factory is near Tehran (or rather near Qom city), one big packing factory near Isfahan with capacity of packing over 2000 mts per day and one factory at the port (Bandar Abbas). We are very much reliable with guaranteed good quality and indeed good prices. You need not worry the least for our quality. Our bitumen is 100% refinery bitumen with best quality. We are very honest with weight of cargo and never try to indicate the weight more than real weight. We provide inspection certificate for each shipment. Attached please find pictures from our packing factory in near Isfahan.

We are making regular shipments of bitumen in new steel drums for our customers in different countries. Please see the attached B/L copy which is for one of our recent shipments of bitumen in new steel drums. It is for about 3000 mts bitumen shipped in one lot in 180 x 20 ft containers to Chittagong port for a good customer and it shows our very big capacity for supply of bitumen in drums.

Our present prices for bitumen 60/70 and 80/100 (as per the attached specifications) packed in new steel drums are as follows:

-USD /mt CFR Chittagong for packing in 150 kgs net drums

-USD /mt CFR Chittagong for packing in 180 kgs net drums

Shipment will be in 20 ft containers. We stuff 110 drums in each 20 ft containers.

Payment by sight L/C.

We sell bitumen through our company in Dubai called Jansons Trading FZE. Proforma invoice will be issued by them and all payments shall be made to this company in UAE.

We have fast delivery and can ship 5000 mts within 45 days from receipt of workable L/C in partial shipments of min. 1000 mts to 3000 mts per shipment.
