GOHEONJEONG

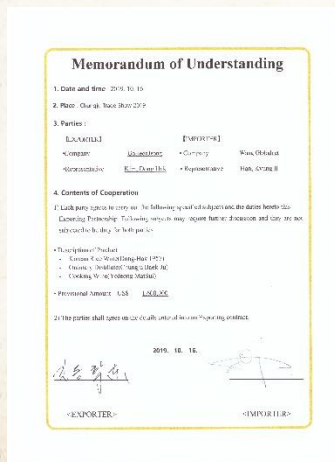

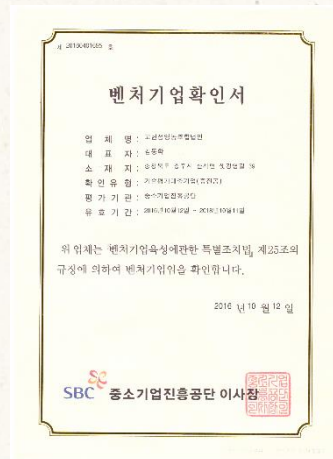

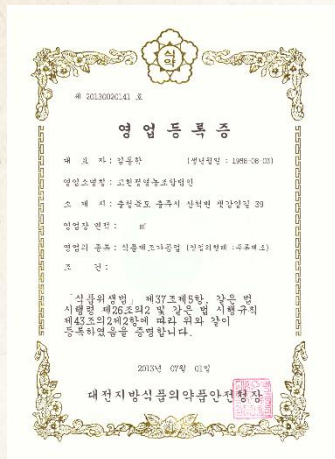

Intro.

All of the liquor produced by GOHEONJEONG Agricultural Association Corporation uses mineral rich clean and clear water, 100 meters beneath the bedrock of Cheondeungsan Mountain.

And using modern brewing technology and facilities produces **Cheongju**, medicinal liquor; fruit based liquor, general distillate.

The fruit based liquor of GOHEONJEONG has been exported to Australia since 2016 and has been loved by the locals there, and Cheongju, a traditional Korean liquor, had been selected as an official liquor for the 2018 Pyeongchang Winter Games with great success, and has since been exported to Austrlia and US.
